**AFTERMATH OF FIRE:** A lone firefighter walks toward the Tele-Squirt fire truck after disconnecting a fire hose from a hydrant. Clean up of the area went on until late Thursday morning with firefighters putting equipment back onto the fire trucks. The entire Granite City fire department was called

to the scene of the fire at 2015 Washington Avenue just after midnight Thursday. The Madison fire department was called to man the stations in case of any other fires in the Granite City area.

## 'Ball of flame' destroys vacant building

GRANITE CITY — Granite City firefighters battled a "spectacular" fire early Thursday morning that destroyed a large vacant two-story brick building at 2015 Washington Ave.

"Only a miracle kept it from spreading," Wallace said later Thursday. "My guys really put some good work into this one."

At one point, according to Fire Chief Jerry Wallace, high winds whipped up a ball of flame in the building so big it spread halfway across Washington Avenue.

Wallace said the winds that made the fire so awesome also made the job of his firefighters miserable. He said the department had every piece of its equipment at the fire

and, at the height, were pouring in water from all directions.

The building, boarded up at the time of the fire, had been the subject of numerous fire and police calls in recent years.

"I don't think there is one of my guys who hasn't been here on at least one other fire call," Wallace said.

## Coin, currency conventions slated Nov. 8-11 at Center

The Silver Dollar Show, featuring more than 450 dealers buying and selling all types of coins, will be running simultaneously in another hall in the convention center.

For more information, contact Ron Horstman, General Show Chairman, at P.O. Box 6011, St. Louis, Mo. 63139.

## Reye makes flu life-threatening

By John R. Lumpkin, M.D.  
Acting director,  
Illinois Department  
of Public Health

The flu season is approaching. Under normal circumstances, influenza is not a life-threatening illness and does not result in serious complications.

On rare occasions, however, a child given aspirin during a bout with flu (or chicken pox) will develop Reye Syndrome.

A rare reaction of the body to the combination of aspirin with flu or chicken pox, it can be life-threatening.

It causes an abnormal accumulation of fat in the liver and other organs, and severe swelling of the brain. It affects all organs, but the most serious effects are in the liver and brain.

The Syndrome is a children's disease, with most of the cases occurring in the 5-14 age group. It nearly always occurs from two days to two weeks, after a child has recovered from a case of flu or chicken pox.

The first symptoms of Reye Syndrome are persistent or prolonged "explosive" vomiting, listlessness, loss of energy, abnormal drowsiness or unusual coagulability.

In the second stage, the child

will exhibit personality changes, such as irritability or aggressive behavior. The child may seem disoriented or confused, and may become delirious or unconscious, or go into convulsions.

If your child develops even one of these symptoms — especially if just recovering from flu or chicken pox — get medical help immediately.

Without early diagnosis and prompt, appropriate treatment, Reye Syndrome is often fatal.

The child can progress from the persistent vomiting to unconsciousness and death in just a few days.

One way to help prevent Reye Syndrome is to not give your children aspirin, or any product that contains aspirin, while he or she is ill with flu or chicken pox.

Present medical evidence shows that giving aspirin or aspirin-containing products during a case of flu or chicken pox will make your child more susceptible to the development of Reye Syndrome.

Use one of the aspirin-free products to reduce your child's fever or ease the aches, pains, coughing, sneezing and runny nose.

While early diagnosis and treatment of Reye Syndrome may sustain permanent brain

damage, ranging from slight to severe. Fortunately, it occurs very rarely. During 1989, just seven cases were reported in Illinois.

## Panda cub on display

A male red panda cub born June 30 at the St. Louis Zoo is venturing from the den into the display yard.

The display yard is located in the small-mammal pits, next to the gorilla yard.

The parents are a 7-year-old female and a 9-year-old male who have been on breeding loan since January 1989 from the National Zoo in Washington, D.C.

The cub weighed between six and 10 ounces at birth.

The animals are part of a North American cooperative breeding program known as Red Panda Species Survival Plan (SSP), sponsored by the American Association of Zoological Parks and Aquariums (AAZPA).

The cub's diet consists of bamboo, grasses, roots, fruits and apple-fiber biscuits.

Red pandas are endangered. They are related to the raccoon family.

Native to south-central Asia, red pandas inhabit mountainous forests and bamboo thickets at elevations of 5,000 to 12,000 feet.

As bamboo forests in the wild are destroyed to make way for cultivated farmland, the red panda's primary source of food is disappearing.

This situation, combined with poaching and rapid human population growth, gives little hope for the panda's survival in the wild.

"It appears likely that captive breeding programs such as North American Red Panda SSP may be the only way to save this species," said Zoo director Charles Hoeselle.

## Early holiday mailing recommended

GRANITE CITY — "For mail sent to military and international destinations, we would like you to mail well before the overseas holiday deadlines to give us extra time to arrange transportation," said Postmaster Charles Parkinson.

Parkinson said equipping Operation Desert Shield in the Middle East has required an enormous effort on the part of U.S. air and surface carriers.

Last-minute overseas mailing adds an even greater workload, he said, so early mailing is especially helpful this year.

"Matters can get specific information on international mailing dates and other matters by calling us here at 877-0700," Parkinson said.

"For mail within the U.S., there is no deadline," Parkinson said, "but the volume of mail escalates dramatically during

the week before Christmas and earlier mailing would help us handle the increased work more smoothly."

Last year, the number of cards and letters peaked at 200 million on Dec. 18. The total more than doubled the 80 million letters sorted on a normal workday. From mid-November through December, a record 3.3 billion letters were canceled.

Parkinson said early mailing

is smart mailing. It spreads the volume more evenly, contributing to more efficient delivery. Mailing early is also a hedge against possible delays caused by winter storms that could halt air or ground transportation.

"We are well prepared for the volume of mail we will receive locally, but it helps us get your mail delivered to you when it is more evenly distributed over the holiday season," Parkinson said.

### HEMINGWAY MEETS CAPTAIN MARVEL

By LEONARD WOOLSEY

Every day Mike Taylor watches Captain & Thor go battle with the Tenguine Mutant Ninja Turtles.

The comic book shelves of the Village Bookstore in Pontoon Beach are not for the faint of heart.

The Village Bookstore, 4087 Pontoon Road, has seen itself develop into one of the most complete bookstores in the Granite City area in addition to having over 20,000 new and used books in stock. You can choose from a full selection of over 200 current titles of magazines and even a copy of today's newspaper.

However, Phyllis Ryan and Mike Taylor who operate Village Bookstore didn't see the comic book explosion coming.

One short year ago when Village Bookstore first opened its doors, there were no more than a dozen comic books on the shelves.

"We have people (adults) who will purchase 4 or 5 different comic books a week - be it for pleasure

or just to fill a hole in their personal collection," said Mike.

Now, with over 1000 different comic titles on display, Village Bookstore can claim the largest and most complete selection in the Tri-Cities Area.

But comics are only a part of the selection that Village Bookstore has to offer. Paperbacks are sold half price of the cover price everyday.

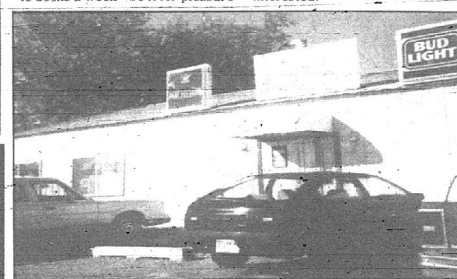

"We go to great lengths to insure that current titles are available," said Mike.

You'll also find a large selection of used children's books.

"We believe it's important to get children started on reading books - not just comic books," said Mike.

And Village Bookstore is obviously successful - they look to expand in the next few weeks.

By the way, look through your attic for comic book. "Detective #27" (the original Batman) - it sold in 1988 for \$35,000. Mike's interested.

### OLD IS NEW

By LEONARD WOOLSEY

In the age of glitz, brass-accented nightclubs, Mac's Village Inn seems to be a throwback in time to when a friendly tavern was an institution in the American neighborhood. And Rich McIntosh is going to keep it that way.

"Customers are treated as family. It's my personal philosophy on how to do business," said Rich.

Mac's Village Inn, 4015 Pontoon Road, is co-owned by Rich & his brother Tom McIntosh, who together already operate the successful Mac's 12th Street Saloon in Madison.

The atmosphere is one of friends meeting friends. Mac's has become a favorite Sunday meeting place to watch football and spend a relaxing afternoon with friends. The friendly, family atmosphere is strictly enforced by the introduction of "the curse

box." For those who find themselves straying across the line of good taste, it's 25¢ per "bad work." (All money collected is donated to charity.)

"We have just excellent patrons - you couldn't ask for any better," Rich said.

Besides, the atmosphere and the patrons, Rich is also proud of the food offered at the tavern: hot, spicy chicken wings on Monday, tacos on Wednesday, and Mac's famous fish fry on Friday. (Ask about the Italian beef - it's made from scratch.)

Pontoon Beach seems to be the perfect location for Mac's Village Inn. Rich, who served in police enforcement for 19 years had a feeling about the future growth of the community. "It's a can't miss area," Rich said. "It's perfect." Based on the success of the tavern, his customers must feel the same about Mac's Village Inn.

## AMVETS 204 golfers contribute gift of food

Madison AMVETS Post 204 recently donated groceries to the Protestant Welfare Association of the Quad-City area. The association will distribute the groceries to needy families.

The collection of groceries is the direct result of the fifth annual "Potatoe Classic" Golf Tournament which was recently held at Oakbrook Golf Course in Edwardsville.

In addition to a minimal monetary amount, each golfer was required to bring in \$10 worth of non-perishable groceries as part of the entry fee.

More than 100 golfers participated in this year's tournament. The golfers played a four-man team scramble in which they vied for trophies and prizes.

The grand prize was a 1990 Chevrolet which was donated by John Novotny Chevrolet of Granite City. This is the third consecutive year Novotny offered a

new car for a hole-in-one.

After the tournament, the golfers gathered at the AMVETS Hall in Madison where dinner was served and awards were distributed.

First place trophies went to the team of Bill Curtis, Larry Papa, Joe Meccedee and Don Rae.

Twenty-fifth place "losers" trophies were awarded to the team of Otis Goenell, Glen Wolfe, Charley Briskey and Jim Davidson.

A \$50 cash award was won by "Fast Eddie" Gray, who was the winner of the "prettiest potatoe" beauty contest.

During the past several years, thousands of dollars in groceries have been collected as a result of the "Potatoe Classic."

Other recipients of the groceries include Catholic Charities and the Phoenix Crisis Center for Abused Women.

## TRAVELING CHECKS LEAVE YOUR COMMUNITY WITH INSUFFICIENT FUNDS

If you sign traveling checks to big city merchants you're eroding your community's economic future.

Every check that travels away from home is money that will never return. Hundreds of thousands of dollars are being spent this way every year by people just like you.

Can we afford to pass up the extra values that home-spent dollars give us in better schools, more jobs and more prosperous businesses that serve us better?

That glamour and glitter of the big city "fast track" comes with many unseen pitfalls. Let's keep our checks at home, traveling around town, making this a better community for all of us.

# European vacationer relates travel adventures

Maxine Duniphan covers the Mitchell area for the Press-Record/Journal. She can be contacted at 931-2714.

Helen Roessner of Paradise Lane has returned from an extended vacation to Europe and Franklin, N.C., where she visited her sister, Leona Dzuris.

From Franklin, Roessner and her sister traveled to Atlanta, where they joined a group for a 15-day European tour. The tour included a visit to their mother's native land, England, and to her home region in Staffordshire.

After arriving in London, the tourists boarded an open top bus for a trip around the busy city.

They also visited the house where William Shakespeare was born, also his tomb and Ann Hathaway's thatched cottage.

In Yorkshire, they toured England's largest cathedral, Yorkminster Cathedral in York, and traveled through the wild Northumbrian moors of Scotland.

They saw ancient St. Giles Cathedral in Edinburgh and visited the castle and Holyroodhouse—Palace, where Mary Queen of Scots once lived.

After crossing the Firth of Forth Bridge, they drove the next day through Perth, home of the Gathness Glass Factory, and visited a distillery.

In Glasgow they visited the woolen mills of Moffat before crossing the border back into England, where they had a spectacular view of the Conway Castle as they crossed the straits into Anglesey.

At Holyhead they boarded a ferry for Eire and its beautiful capital city, Dublin. They visited Dublin Castle, Trinity College and St. Patrick's Cathedral.

While in Ireland, the tour bus also took the group across the Derrynsagart Mountains to visit the 15th century Blarney Castle with its legendary Stone of Eloquence, which legend contends — "one kiss and you'll never be lost for words."

As the tourists continued to Westford, they stopped to see the world's largest display of Waterford crystal in the factory showroom.

Bidding farewell to Ireland, the visitors boarded the ferry for Fishguard and continued their trip to Cardiff on the Welsh coast.

In Cardiff, the principal city in Wales, and on the eve of the tour's final day, the group took part in one of the most memorable events of the trip. They were treated to a medieval dinner at the fabulous Castle of Cardiff and enjoyed an evening filled with lively entertainment, food and wine.

The next day after the farewell banquet, the excursionists began their last day of the tour by traveling back to London, via the River Severn Bridge.

They drove through the Georgian city of Bath, where they toured the ancient pump room and the Roman baths, and also visited the 15th century Abbey Church before arriving in London and their return trip home.

Karl and Barbara Fulmer and their son, Robert, of Margaret Avenue have returned from a 16-day tour through the southeastern United States.

After spending several days with friends in Tennessee, the Fulmers left Gatlinburg for Charlotte, N.C. There they visited Barbara's niece, Peggy McKinnon, and her parents, Dorsey and Mary McKinnon, also of Mitchell.

Peggy McKinnon hosted dinners for the travelers and volunteered to be their tour guide. Peggy is a station agent at the Charlotte Airport, so the relatives were given an extended tour of the airport, including the

huge concourse and Peggy's work area.

After meeting several of her co-workers, the visitors and their host went for lunch to a huge shopping mall that includes a skating rink.

Jeff Harrington, a friend of Peggy's, also took the Fulmers and the McKinnons on a tour of race car driver Rusty Wallace's garage for NASCAR racing cars. They also toured Charlotte Speedway and watched the mechanics and the pit crew setting up Wallace's race car for a run at the Dover, Del., track that weekend.

Leaving Charlotte, the Fulmers continued to Montgomery and Mobile, Ala., where they crossed the Intercoastal Waterway Bridge to Dauphin Island.

After an overnight stay and a visit to Fort Gaines, the Fulmers traveled into Mississippi, spending the next five days relaxing on the beaches, sightseeing and eating at seafood restaurants in Biloxi, Gulfport and Pass Christian area.

They also spent a day at the Rocket Testing Grounds, which is located between Gulfport and New Orleans, La. They toured the test area by bus and viewed the site used to test the outer space shuttle engines.

On the return trip, the Fulmers stopped in Yazoo, Miss., to spend the night with friends and to do some shopping in the heart of cotton country before beginning the long trip home.

Bob and Boots Stanton of West Chain of Rocks Road attended the 65th wedding anniversary of his brother and sister-in-law, Leo and Ruby Stanton, on Oct. 6. The celebration was hosted by the honorees' daughter, son-in-law, Marian and Jerry

Cooke, and was held at Wade Rollins' club house on Reville Lane.

The 65 guests presented the honorees with many cards and gifts. Everyone enjoyed reminiscing, taking pictures and the buffet.

Marie Burris hosted the Hills Terrace Breakfast Club on Oct. 16. Six members and two guests were present and the birthdays of Wanda Ogden and Arlene Hickman were celebrated. Birthday cake and refreshments were served.

The group enjoyed playing bingo and prizes were awarded to Ogden, Hickman and Marie Burris.

Also present were Opal Davis, Karen Orr and Jeri Schieb. Guests were Tommy Hickman and Amy Burris.

The Women's Ministry Group of City Temple Church will present its annual Church Bazaar on Friday and Saturday, Oct. 26 and 27.

The event will be held at the church, 4751 Maryville Road, from 9 a.m. to 4 p.m. Articles from Granny's Attic Home Decorating and crafts will be featured. There will also be food and pastries for sale.

The Tuesday morning Cottage Prayer meeting was hosted by Marguerite Warren at her home, 4821 Warnock Ave., on Oct. 16.

The devotion given by Dorothy "Smitty" Lewis was taken from Psalms 40. A discussion followed. The services were dismissed with the group forming a circle for prayer led by Yvonne Morris.

Refreshments were served and a time of fellowship also was enjoyed.

Among those present were Mildred Lovejoy, Brenda Lineberry, Peggy Jones, Virginia Vollmar, Ruby Heffner, Fay Ryan, Lucy Cobb and Maxine Duniphan.

A meeting on Tuesday, Oct. 23, will be held in the home of Yvonne Morris, 2923 Marshall Ave. The service will be begin at 10 a.m.

Mary Reed, Bill Gass and Alfred Surbe traveled to Edwardsville last week and met at the home of their friend, Olive Joyner. The group then continued to Mills Apple Farm, where they were joined by Olive and her great-granddaughter, Emily Krug.

At the farm, located outside of Marine, the group went into the orchard to pick apples. Later, they visited the restaurant and ordered fresh pumpkin pies, which they watched being baked on a rotating oven rack.

With hot pies in hand, the group returned to the Joyner residence, where they enjoyed a picnic lunch with pumpkin pie.

## Milton

and Awareness Committee. When asked what he considered his greatest achievement, Milton said, "None of the things we have accomplished have been done by me alone. My goal has always been to make this world a better place in which to live and raise a family."

"Regarding the job gets the credit," get the job done. The word 'team' is not spelled with an 'I'.

One of Milton's activities that he was willing to discuss was his appointment by the governor, to the board of the Illinois Recreation Council. He was the first person to hold that position who resided south of Springfield.

"Previously, there was no representation from southern Illinois. It was a disgraceful situation," Sam Wolf, we managed to get money appropriated to help preserve the Cahokia Mound and to renovate and modernize the Pere Marquette Park lodge."

Another of Milton's prized accomplishment was the creation of "Operation Snowball," an anti-drug program, at Granite City High School.

Formed with the help of Jack Haug, a counselor at the school, the program was designed "to train the minds of young people... to teach them that drugs are bad for society and also for you as an individual."

## House includes joint-use in budget reconciliation bill

WASHINGTON — U.S. Rep. Jerry Costello, D-Ill., announced Wednesday that the House of Representatives included in its Budget Reconciliation Bill, passed Tuesday night, a proposal to set aside funds for a national joint-use aviation program.

Costello originally co-sponsored the civilian-military joint-use provision in the House Aviation Subcommittee.

The House previously approved the measure as part of the 1990 Aviation Capacity Bill, which has been stalled in the Senate.

"It was a struggle to include the joint-use provision in this bill," Costello said. "It was important to pass it as part of the Reconciliation Bill, or else it might not have passed at all this year."

"This program will be of great benefit to future joint-use at

Scott Air Force Base."

The proposal would require that at least 1.5 percent of the federal Airport Improvement Program be spent in each of fiscal years 1991 and 1992 on qualifying current and former military airports, as designated by the U.S. secretary of Transportation.

The bill also stipulates that the secretary designate no more than eight current or former military airports for participation in the program and to designate only those airports deemed to enhance airport capacity in major metropolitan areas.

"For the first time, we will set aside a portion of federal aviation funds specifically for joint-use projects," Costello said.

"At a time when we are facing increasing budget pressures, it makes sense to convert mili-

tary bases to joint-use airports."

The Airport Improvement Program is funded at an annual level of almost \$2 billion.

Enacting the joint-use provision would make available 1.5 percent of these funds, or almost \$30 million for joint-use aviation proposals annually, beginning in fiscal 1991 (October 1990-September 1991).

"Scott is among the leading proposals nationwide for joint-use, and could be one of the first beneficiaries of the new program," Costello said.

The Senate is scheduled to pass its Budget Reconciliation Bill today. Costello said he has contacted Sens. Paul Simon and Alan Dixon to ask for their support of the provision when the Senate considers its version of the bill.

## Woman refuses settlement; loses case against employer

By David Migoya

BELLEVILLE — An East St. Louis woman who sued Illinois American Water Co. for wrongfully firing her in 1983, turned down a last-minute, \$17,000 out-of-court settlement, Thursday only to have a jury decide against her a short time later.

Glenda Moore filed the lawsuit in July 1985 after an arbitrator denied her claim that she was fired without sufficient cause.

Moore worked as a telephone operator and clerk at the company's offices in Granite City until Aug. 20, 1982, when she fell from

an office chair, injuring her neck.

Neither Moore nor her attorney, Gale Stipes of Granite City, could be reached for comment.

According to court records, the company said she was fired because she refused to return to work following doctors' examinations that indicated she could continue working.

In light of the examinations, supervisors told Moore she would be fired if she didn't return to work, court records show.

Moore refused to return

because she continued to have neck pains, although doctors could find no anatomical reasons for the problem, the records show.

Moore claimed she was fired because of a workman's compensation claim she filed after the injury. The claim was denied by an arbitrator in December 1984.

Before the five-man, seven-woman jury retired to deliberate, St. Clair County Associate Judge Patrick Fleming dismissed the second count of Moore's suit. That count sought punitive damages for willful and wanton misconduct.

## Shots

ity that "some nut" was shooting at the houses for fun.

"There is no hunting season open now," Knight said. "And, anyway, you don't hunt birds or rabbits with a thirty-eight."

Morris McGee of Watertown Circle said he heard a loud noise and found a bullet hole in the wall of his house. The hole was about 7 feet from the ground.

The bullet came through the exterior wall and then the interior wall, striking the cabinets across the room and falling to the countertop, McGee said. A spent round was recovered.

police said.

A neighbor reported hearing about 12 rounds fired, McGee said. Several persons reported the shots seemed to be coming from near the railroad tracks behind Northbridge, police said.

Marilyn Tilley, of the 2500 block of Northbridge reported two bullet holes in siding at the rear of her residence; and Vickie Justice, who lives in the same block, said someone shot a hole in the east side of her house.

Justice's daughter reported hearing at least three shots being fired in the distance at that time.

## Nordstrom's FG decides thriller at Alton, 30-27

By Dave Whaley  
Executive sports editor

ALTON — After almost losing control midway through the game, the Warrior football team stood its ground for a thrilling 30-27 win over the Alton Redbirds on Friday.

Mike Nordstrom's 18-yard field goal with 13 seconds left was the clincher as Granite City (3-1 in Southwestern Conference play, 5-3 overall) clinched its first winning season in four years and also kept its playoff hopes alive.

The Warriors travel to Belleville East for a 7:30 p.m. game Friday at Belleville Township Stadium. The Lancers are also 3-1 in league play and 5-3 overall. So not only will the winner clinch second place in the SWC, but it will also have a good shot at a playoff spot.

The loser of Friday's game is out of the playoff picture. But a Warrior win could get them in. The first tiebreaker for 6-3 teams is total wins by all opponents. Prior to East St. Louis' game with Lincoln on Saturday, the Warriors' nine opponents this year have combined for 32 victories. In recent years, the magic

The Warriors can probably count on two more wins from East St. Louis, and with Alton and Belleville West playing each other, that's another win for either team, giving Granite City 35. They would then need a win or two next weekend from Cah-

## Warriors win rough game over Junior Billikens, 2-1

By Dave Whaley  
Executive sports editor

GRANITE CITY — A playoff atmosphere overtook The Gauntlet on Thursday, and there will be lots to cheer about in the next few weeks with similar results.

The Warriors closed out a 17-3-1 regular season (.833 winning percentage, the best since 1982) with a 2-1 win over St. Louis University High. There was a chill in the air reminiscent of the state finals and enough intensity on the field to fill up several post-season games. Jay Robertson's eighth goal of the year with 14 seconds left in the third quarter was the difference as Granite City beat the Junior Bills (10-6-2) for the first time in five years.

Both Warrior coach Gene Bak-

er and SLUH coach Eddie Dunn were displeased with the officiating throughout a very physical contest which appeared to get out of hand at times. SLUH was called for 24 fouls to only 13 for the Warriors, but the home team also received four yellow cards and the Junior Bills had none.

"They were just very lenient with the calls," said Baker. "There was pressure from both benches and they got coerced

into making some of their decisions."

But Baker was happy to get a win over a team which had five wins and a tie in the last six meetings with the Warriors. Each of the last four games had gone to SLUH by 2-1 scores, so Thursday's final score had to make Baker extra happy.

"We had lost some games to them under similar circumstances," Baker said in reference to the officiating. The Warriors got off to a fast start when Skip Birdsong blasted in his tenth goal of the year just 2:25 into the game on a pass from Dan Terrell. The Junior Bills tied it at 28:32 of the second quarter when Warrior keeper Tim Henson couldn't handle a free kick from the left wing. (See SLUH, Page 4B)

QUICK TRIP: Hottie Taylor (left) and Addie Lenzi of the Warrior tennis team played two doubles matches Thursday and were eliminated in the IHSA state tournament in Mt. Prospect. Taylor and Lenzi lost 0-5, 1-6 to Normal U. High's Amy O'Connor and Allison Malito in the first round, then finished with a 2-6, 1-6 loss to Lockport's Dawn Barone and Amy Rogers in the consolation bracket.

But none of that will matter if the Warriors can't beat Belleville East. And none of it would have mattered if Friday's game at Public School Stadium had slipped away. And it almost did.

There were three touchdowns scored in the final 69 seconds of the first half as the Warriors—who had dominated—saw a 14-0 lead turn into a precarious 21-14 edge. The Warriors then got a break when Alton messed up an extra point following a fourth-quarter touchdown with the game tied at 27-27.

After Alton came up short on a fourth and two at the Granite City 20 with 2:33 left in the game, the Warriors drove 79 yards in eight plays to the Alton 1 with 16 seconds left. Someone not coach Tom Wyrostek called the Warriors' final timeout at that point and Nordstrom came on to kick the winner.

"I didn't want the timeout there," said Wyrostek. "We

were going to spike the ball into the ground once and then run one play. If we didn't score we were going to call the timeout and kick the field goal."

But it all worked out OK. Nordstrom caught six passes for 100 yards in addition to his kicking heroics.

"We came back and sucked it up," he said. "We just had a misplay when we missed our extra point. But I wasn't worried on the field goal. I just reminded myself to keep my head down. Now we're going for the playoffs."

Damon Yates and Mike Vaughn ran for touchdowns in the first half before Alton got going. Quarterback Andre MacMurray had a five-yard touchdown run with 1:09 to go in the half. But Warrior quarterback Bob Thomas ran for 24 yards, then hit Nordstrom on two passes in a row, the second a 15-yard strike at the left corner for a 21-14 lead with 22 seconds left.

But Alton's Arthur Knight

caught a 39-yard pass off Thomas' fingertips to the Warrior 3 and Knight ran it in on the next play with three seconds left in the half to make it 21-14. Marcus Anderson scored on a four-yard run on the first drive of the second half to make it 21-21.

Thomas scrambled in from 11 yards out on the final play of the third quarter, but a bad snap let Horatio Willis block the extra point. That could have cost the Warriors, but the Redbirds misfired on their own extra point after Derrick Williams' nine-yard touchdown run with 8:47 left. Knight, the holder, picked up the ball even though it looked like Chad Verbaas would be able to kick his fourth PAT. Knight's pass was incomplete.

"He said the snap was high, but I thought we had time to get the kick off," said Alton coach Collis James. "You're dealing with young kids and sometimes you have breakdowns."

James also wasn't happy with the spot Alton got on Knight's run on fourth and two at the

Warrior 20 in the final minutes.

"I hate to cry, but that was a first down," he said. "They messed up the spot and it was a real crucial call. But that's not taking anything away from Granite City."

Thomas (10 of 14, 152 yards) hit Nordstrom twice for 31 yards and Vaughn once for 15 yards on the winning drive. Vaughn then ran 19 yards on a draw play to the Alton 1 to set up Nordstrom's kick.

In other action Friday, the Madison Trojans stayed winless at 0-7 with a 20-16 loss at Quincy Notre Dame (4-6).

Senior Federico Walker scored twice for Madison, on a 16-yard pass from Cernyn Thomas and a 30-yard punt return. Greg Volok also picked up a safety with a tackle in the Raider end zone.

But all the Madison points came in the second half after Notre Dame had jumped out to a 20-0 lead in the first quarter. The Trojans close out the season at Metro East Lutheran on Saturday.

## Althoff spoils Senior Night

By Brian Henry

Correspondent

GRANITE CITY—Belleville Althoff ruined the Warrior volleyball team's Senior Night activities Thursday with a 15-10, 12-9 win.

The Crusaders (12-21) opened with a 4-0 run as they did not trail at any point during the match. In the first game, the Warriors (4-16) got as close as 6-5 when senior Amy Bohnenstiel picked up two points.

Althoff pulled away, however, as Stacey Amos—who led all players with nine points and two aces—and Amy Frick (seven points, two kills) combined for five points to make it a 14-6 game. Jennifer Worham and Melissa Tapp led the Warriors back to within 14-10 before Althoff won it.

"If we keep this up we should advance out of the regional,"

said Althoff coach Lynn Zika, whose team won its regional last season. "We hit a slump in the middle of the year, but we're playing well right now."

Althoff opened up a 5-0 lead in the second game and never looked back, although the Warriors did cut the lead to 6-4.

"I thought we played well," said Granite City coach Natalie Buxter. "I'm happy with the effort we had this year. I just wish things could have worked out better."

Warrior seniors Bohnenstiel, Tapp and Jennifer Harris will have at least one more home match before the season ends. Granite City hosts Triad at 6:30 p.m. Tuesday in the Granite City Regional. Highland and Edwardsville play in Tuesday's second match, with the winners facing each other Thursday at 7 p.m. in Memorial Gymnasium for the regional championship.

### Soccer showcase scheduled at SIU

By David Wilhelm

A first-ever Senior Showcase, organized by the Southern Illinois Soccer League, will be held Nov. 30 and Dec. 1 at SIUE.

The event is for area high school seniors and is intended to give them a chance to perform in front of college coaches who may have soccer scholarships available.

Openings still exist for four boys teams and two girls teams. Sixteen-player rosters will be filled on a first-come, first-served basis, said Don Digirolamo, president of the SSSL. Applications cost \$5 per player.

"We're not trying to make money," said Digirolamo. "We're trying to showcase seniors and help with college scholarships."

A total of six games (four boys, two girls) will be played. Two games are scheduled for Nov. 30, with four more to be played Dec. 1 — two in the morning, two in the afternoon.

Digirolamo said applications were mailed to area high school athletic directors. He said they were made available at "more than 20 schools" in the metro east.

Digirolamo said two coaches — Jim Stranz and Charlie "Tuna" Suarez — have volunteered to participate. Four more coaches are needed.

"It's not an all-star event," said Digirolamo. "So it won't jeopardize the rest of (players') future as senior athletes."

"We eventually hope to get involved with sponsorship and anything we can to promote the event. If there's any money made off it, it will be earmarked for next year's event."

Interested players can get applications from their high school coach. For additional information, call Digirolamo, (346-6930) or event chairman Mark Schwarz, Kopf (877-7886).

and Birdsong all got yellow cards and bodies from both sides flew everywhere.

But Robertson broke the tie at 50:46 after taking a pass from Birdsong. He volleyed the ball by one defender on left wing and blasted a rocket off SLUH goalie Steve Sprengnether's hands.

"Jay was unstoppable tonight," said Baker. "He should have had a penalty kick one other time and nothing was called."

The Warriors outshot SLUH 15-8 and did a good job keeping the Junior Bills away from the goal in the fourth quarter until Jamie Posnanski hit a rocket off the crossbar. Henson was able to smother the rebound after a mad scramble with two minutes left.

"We got a break on that one," Baker said. "Timmy was a little

nervous tonight on a couple of plays. It would have been a different game with (Jeff) Bannister playing. But they still have some great personnel."

Bannister, the Tournament of Champions MVP in 1989 and one of the area's top strikers, sat out the game with a bad back.

"But we lost a tough game over there last year without Jerry Richardson and Jay," said Baker, who obviously wasn't feeling too much sympathy for SLUH in Bannister's absence.

The Warriors went 6-2-1 against St. Louis schools this year. They might have a chance to avenge their only in-state loss in the regional championship Tuesday, if they win Saturday's 1 p.m. home game with Wood River, they could face Civic Memorial (14-2) at 7 p.m. Tuesday at The Gauntlet.

# Social Security PASS plan allows for saving money

By Bill Hurst  
Social Security Administration

**Q** I am a 28-year-old SSI recipient and I'm interested in the Plan for Achieving Self-Protection (PASS). Can you tell me how I can set up a plan?

**A** A Plan for Achieving Self-Protection, or "PASS," is one in which a disabled individual sets aside a certain amount of income or assets to achieve a vocational goal such as education, vocational training, purchasing work-related equipment or starting his own business.

Money set aside for these purposes can be excluded from the Plan for Achieving Self-Protection when determining eligibility for payment. Your plan must be realistic goals and be in writing, but the people at Social Security can help you develop your plan.

**Q** I will be 65 in a few months. I am currently receiving widow's benefits. What do I have to do to get Medicare?

**A** About two months before your 65th birthday you automatically will receive a Medicare enrollment package by mail. If you want both the Hospital and Medical Insurance parts of Medicare — and about 95 percent of all you have — you must do it sign the Medicare card that comes in the package and put it in your wallet.

The card is good for both parts of Medicare. A letter in the package tells you what to do if you don't want Medicare Medical Insurance (Part B). Some people don't want to pay the \$28.60 per month premium

for Part B of Medicare, but declining Part B could cause you to lose several months of Medicare protection even if you change your mind. And you will pay a higher monthly premium if you delay enrolling.

**Q** My elderly neighbor gets SSI, but his wife does not. Why is this? They both are needy.

**A** SSI (supplemental security income) recipients must be at least age 65 or disabled. And they also must have limited income and resources.

So one of your neighbors might meet the age requirement but the other may not. Or a couple under age 65 may be in economic need but only one meets the requirement for disability.

**Q** My widowed mother was getting SSI payments. She died last week. What do I do with the SSI check that arrived just before she died?

**A** If you want to keep the money and use it to help pay her expenses, you can. If you want to keep the money and use it to help pay her expenses, you can.

**Q** On my Medicare benefits statement, I noticed that Medicare paid for some of the medications that were prescribed for my condition, but not for others.

**A** Medicare pays for drugs furnished by a hospital during a hospital stay, but not for drugs administered in a doctor's office. It excludes from payment those drugs that a doctor administers yourself, even with a doctor's prescription. For hospice patients are

an exception to that rule. Their prescription drugs are paid for after they pay a small amount per prescription.

**Q** I am 75 years old and under a doctor's care for diabetes. My doctor told me I should see a foot doctor for regular foot care rather than try to do it myself. My money is limited. Will Medicare pay for the services of a foot doctor?

**A** If your doctor certifies that your diabetic condition is severe enough that your foot care must be performed by a podiatrist, Medicare can help pay for that care.

Medicare also will help pay for removal of plantar warts and treatment of mycotic toenails (a fungus condition). Contact your Medicare carrier for additional details. In Missouri call 800-392-3070. In Illinois call 800-642-6930.

**Q** I had surgery several weeks ago. After looking over the hospital billing statement, I noticed that the doctor charged me for services I did not receive. What can I do?

**A** Call your doctor and try to resolve the discrepancy. If you still suspect that incorrect charges have been made, there is a toll-free toll line you can call to report it.

The number is for the Inspector General's Office, Department of Health and Human Services. That office handles cases of alleged fraud or abuse of Medicare. Call 1-800-368-5779. Send your questions about Social Security to Bill Hurst, St. Louis News Service, 1215 First Ridge Parkway, Suite 108, St. Louis, Mo. 63141.

## Edgar withdraws family reporting rule proposal

SPRINGFIELD — Secretary of State Jim Edgar has announced that he has reviewed preliminary recommendations from his Driver Safety Advisory Committee and has decided to withdraw the proposed family reporting rule.

"It makes no sense to continue pursuing the adoption of a rule which cannot be completed before my term of office expires," said Edgar, who is running for governor.

The proposed rule had been

developed earlier this year by the Secretary of State's Traffic Safety Division to respond to Illinoisans who are worried that loved ones may injure themselves or others if they are allowed to continue driving. The rule had been published in the Illinois Register in July for public review as the first step in the adoption process.

Under current rules, the Secretary of State's office may require a driver to be re-examined after receiving a letter

from a physician, psychiatrist, psychologist, police officer, prosecutor or judge. The letter must cite good cause to believe there is an impairment that could make the motorist a risk to himself or others. The proposed rule would have added family members and other medical specialists as authorized sources.

Edgar said that even though the rule was being withdrawn, that the issue remains a serious traffic safety concern.

## Military

### Lloyd Bradley

Sgt. Lloyd A. Bradley has been enlisted in the U.S. Army at Fort Sill, Lawton, Okla., for six years.

Bradley is a material storage and handling specialist.

He is the son of Jacqueline E. Jeffries of Venice, and Adolph Bradley of Lebanon, Ill.

### Binita Thurman

Army Reserve Pvt. Binita C. Thurman has completed basic training at Fort Jackson, S.C.

During the training, Thurman received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

Thurman is the daughter of Regina C. Mouton of Granite City.

### Jarrod Thompson

Marine Sgt. Jarrod L. Thompson, son of William J. and Henrietta Terrell of Venice, recently received the Navy Achievement Medal.

Thompson received the decoration for his superior performance of duty while stationed at Naval Air Station, Belle Chasse, La. He joined the Marine Corps in October 1984.

### Anitra Rockett

Anitra Y. Rockett of Madison has joined the Army Reserve and will serve in the 1000th Field Service Company in Granite City, according to her recruiter Staff

Sgt. William Mummie of the U.S. Army Recruiting Station, 3675 Nameoki Road.

The recruit will serve one week-end a month and two weeks out of the year with the local unit.

Rockett will graduate from Madison Senior High School in May 1991. She is the daughter of Mr. and Mrs. James L. Johnson of Madison.

Young persons who can meet the Army Reserve's physical and aptitude standards may call Mummie at 576-5550 to learn more about Army opportunities. He has information on the Reserve's varied training pro-

grams, designed to meet the enlistee's needs — the Standard or Split Option Program, which allows for training without interruption to school or employment, and the Prior Service Training Program, in which a qualified recruit who may have a job skill for which there is no vacancy can be trained in other specialty.

Information also is available on the Civilian Acquired Skills Program, which can lead to accelerated promotion, GI Bill entitlements, cash enlistment bonuses, and many other advantages in becoming a "citizen soldier" in the U.S. Army Reserve.

## Jungels reunites with bomber crew

Attorney and Mrs. Charles Jungels recently returned from Colorado Springs, Colo., where they attended the annual reunion of the 380th Bomb Group which flew in the South Pacific during World War II.

Jungels was in combat for 11 months during 1943-44 and was the navigator on his bomber's missions. At the reunion, he saw the tail-gunner and engineer of his wartime crew for

the first time in 46 years.

The Jungels' toured Albuquerque's New Mexico State Fair, which features one of the best rodeos in the country, after the reunion.

The couple returned home via Santa Fe, Amarillo, Oklahoma City, Tulsa and Missouri. Next year's reunion of the 380th Bomb Group will be held in Orlando, Fla.
